For: MANUFACTURING METHOD FOR OXIDE DISPERSED ALLOY

REQUEST FOR CORRECTED NOTICE OF ALLOWABILITY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

On April 15, 2010 the Office mailed a Notice of Allowability for this application, which incorrectly indicated that the certified copy of the priority document has not been received for this application. This is a USPTO error since this application is based on PCT application International Application: PCT/JP2005/015188. As received by the undersigned today, the priority document is of record in the on-line file of the International Application at the International Bureau of WIPO. In a telephone conversation with the examiner today, the examiner acknowledged the USPTO error and indicated that a corrected Notice of Allowability will be issued shortly.

Respectfully submitted,

Richard S. Roberts
